*The Professionals in
documenting your Personal Property*

IT HAPPENS EVERY DAY AND WE ARE SELDOM PREPARED!

Why do I need your Service?

Insurance Companies, Agents and Financial Advisers strongly recommend thorough documentation of property to ensure your family's financial protection in the future.

Saber Security's Inventory Division provides a professional, reliable, third-party home and business inventory designed to maximize your claim as well as making the claim process smoother.

Additionally our service can document your personal property prior to a move or storage in the event you need to prove damage or theft.

How long will it take to complete the inventory?

For a standard home approximately two to three hours depending on the amount of property to document.

A fire or storm can destroy our home and business, not only taking away our valuables but a lifetime of memories. Also, thieves can invade our lives when we least expect it.

Additional pain and grief may start when we deal with our Insurance Company as they ask for proof of ownership of our valuables.

Be Prepared Before Disaster Strikes!

The Solution:

Additional Services:

Vacation Home checks

Summer Home checks

On Site Security Officers

HOME INVENTORY

The Service includes:

- A VHS Video taping starting with the outside of your home. Inside of your home every room (including the garage and basement) is taped showing all the contents.
- Digital Photographs to supplement the video tape. These high quality images record in greater detail all your collectibles, antiques, jewelry, furs, furniture, cars, boats, etc.
- Written records of each item of value including a description, serial/model numbers, cost and an estimated or appraised replacement value.

Saber Security will present your completed documentation in an attractive portfolio. Your digital images will be recorded permanently on a CD and a copy in your portfolio. We will secure a backup copy for you and, at your request, submit a copy to your Insurance Company and/or Police Department.

We take pride in our work and value of our service. The peace of mind of being prepared in the event of a loss cannot be calculated. Consider sharing that peace of mind with someone you care about and ask about our gift certificates
